

“Don’t miss the chance to do small things with great love” is a quote by Blessed Mother Teresa. The students and staff of St. Rose of Lima School challenge your entire student body to engage in a small thing with great love. This event will occur on Thursday, February 11, 2010 and benefit the children and people of Haiti. In honor of our Lady of Lourdes, we are asking each Catholic school student to donate \$1.00 to dress down. All donations will go to Catholic Relief Services. We know “Small things done with great love are sure means to holiness” and as Catholic School Students we can witness our faith on this day with our continued prayers and this small outward sign of unity. We also invite our public school brothers and sisters to wear red on this day and donate \$1.00 per student to Catholic Relief Services. CRS is already established in Haiti and works to train health workers, educate women on basic maternal health care, encourages school attendance by providing a daily meal, builds wells in rural communities and much more. Please “don’t miss the chance to do small things with great love.” <http://crs.org>
