St. Rose of Lima School
Mrs. Amanda Conley
115 North Biesecker Road
Thomasville, Pennsylvania 17364

Dear Faculty, Staff and Students:

Please express my thanks to all for sponsoring a very successful holiday food drive. We always appreciate the support of community food drives and actually depend on them throughout the year. It was very impressive to watch all the boxes delivered by Mrs. Conley and her helpers. It took many Pantry volunteers to get all the items sorted & restocked on our shelves located at 628 East Market Street in downtown York..

Each month, an average of 590 client families rely upon CHFP to provide a variety of canned and dry foods as well as perishables and personal hygiene products. Although the majority of our food comes from state and federal programs, the parish grocery bag program, and business donations, food drives such as yours supplement our sources and add variety to the choices our clients can choose from. I can tell you the clients are very appreciative for all the food they receive.

It is the efforts of groups like St. Rose of Lima Elementary School that keep our shelves stocked. Without them, we could not feed the many grandparents, moms, dads, children and individuals that come to us each month for help with putting food on their tables. Thank you again. It is truly appreciated.

Sincerely,

Kris Pollick
Director

al just dropped off your St. collection. Thanks for your support.
