

ST. ROSE OF LIMA STEWARDSHIP PROGRAM – 2009-2010

Stewardship is the careful and responsible management of something entrusted to ones care. In keeping with this theological belief, we are responsible for our children and their education. The St. Rose Stewardship Program gives parents and family members, grandparents, older siblings, aunts and uncles, opportunities to share their talents and time for the benefit of the school community. There are many different opportunities to volunteer (day time, evening, weekend events.) The whole is only as strong as all its working parts. God has blessed us and it's those blessings He wishes us to share. The school is a better place because family members give endless hours of time.

Each school family (could be parents, grandparents, aunts, uncles, older siblings, etc.) is to invest a minimum of 20 hours service to the ministry of the school and/or church. During the course of the year each family is responsible for tracking their hours and notifying the Stewardship coordinator of their hours served.

Attached is a list of opportunities for you to share your time and talents. This list is not conclusive. There may be other opportunities that arise based on the needs of the school. Please check the areas in which you are interested in volunteering. For future planning, if you check an area and you can not help, you can offer your services somewhere else. The object of indicating interest is for someone to contact you about that event. In addition, classroom help is still an option for Stewardship hours, please see your child's classroom teacher if interested.
